

StoryBilder

...where the plot thickens

StoryBilder Features

So, you want to write a story.

You're not alone. As many as 81% of Americans say they want to write a novel. The idea of creating a new world in your head and bringing it to life with words can be exciting. But how do you create characters, build worlds, organize and write it all? And how do you write a story, anyway? That's where StoryBilder comes in.

**StoryBilder is a creative writing platform
that stimulates your imagination and supports you where you need it.
We make writing interactive, collaborative and fun.**

StoryBilder is adaptable.

- **Beginners:** We'll walk you through the writing process from start to finish
- **Intermediate Writers:** We'll help you organize and arrange your information, give you tools to help shake things up a bit, and provide the backbone structure to keep it all on track.
- **Advanced Writers:** Go straight to the blank forms and write however you like. Do you organize as you go? No problem. Do you plan and plot before you write? We do that, too.
- **Plotters & Planners:** Just need a space to plan your project and see what goes where? Stick to the toolset and skip the longform writing.

StoryBilder is easy to use.

- Want to work at your own pace with your own system? Go straight to your **Dashboard** (aka, BilderDash)
- Have a large world and too many characters to keep track of? Create a **Map Slider**
- Can't keep track of what happens when? Check your **Timeline**
- Can't think of what to say next? Use the **Word Tool**
- Don't know how to write a story and need help and direction? Open the **Prompter**
- Want to turn writing into a game? Check out the **Randomizers**

StoryBilder is affordable.

- Buy memberships by the month for less than the price of a gourmet coffee or subscribe for the year and save big.
